

Eliza. Smithson Faby 21. 1805.

Could ought primit to wrote what sighted from In page inscritable of fate to vian They loss dear Jame might perden the bold dud and make we doubt as just that how is drown Jay soutest flow ret, cropped in cortest bloom Loude nothing vove the from the selent tomb? firster not a tender husbands fastring arms, Or they sout them infants of ming charme, The vinle of fortune, the ugard of freends, The applance that in on virtuous which attends, fauld now of these thy flicting huth detain, The dart uning of otem. Death ristrain? ah no! too good for earth, they brighter claims Required a station in athered plane, When Jours or mortal queto could we armon But all be boundless pleasure undless jay: Too perfect them, on this graps globe to Jay, Two is mark of they worth, and match dits over avany feare or to grive, for what was only lint

a transcent blessing, by the aboughty sent. This asful helpon more expect to guor: How we by nature favor of white we live, If or in storms or coline our lot be cast, To this complication, we must come at last. The not approved that on the disactful day When the last Tours raminates all clay, the angels form among the first shall now, To your her shotters spirits in the Show; and unling; from the restone of Philis look door with andrews leve, her long last frunds to own, Then with immental replace, foundant to remain The hurband, parent, child, whole each embrace again. September 12. 1802 Pharade No hoppier lot It wish to prove Then show my fate with the my love My second may it then always be But I new bed my third to Them.

Juny virtue after Supper for the amable and brantiful ht. Kiddelle Feby 12. 1803 Sout is the breath of blushing morn, When tweed gimes the fuldes adorn, Just one the tarks untiler of notes, who i hand song in other stoats; But Souter for the mynoph whos smiles, My mind of fram and not begule. hall notice doubt in order good, hails with her swits the bitthe of may & Then Horas trasures ofmad around, with gayest truly bretich the ground; But switer, souter for thou these The hymph who rold my heart of ease. The looks might for the coldest heart, The warmth of youth to age unpart ; all notures souts collicted meet To make her soutest of the sout. Dear hymphe while swietly smile on me Who is react is bound alone by them. I. M.

Jory for the honorable beautiful and brothing fajsandra Swishten __ J. M. Lay soutest hymph with undery an and checks that much the new blown row Who robbest others of repose ? Who tite me dost thou mor ful The shittest pany Thy lovers know, and in they heart so cand in stut, Than futuret not anothers voe? Oh no, those looks my charming creature, Compassion bearns in way frature, and sums to vay them shalt not die Characte. Tils known by you my first vas fre My vicende too vos stolen by the get whilst I wan the healing pour My shole is but a suntle flow v. Marts-lose

Lunes to Eva supposed to be written in antumn Fair loughs the blushing down, the youthful Sun almosty has his golden course bejun, Where from my couch I raise my aching head, and find the dorthly miste of night are flid; I took around all noture gay I ver; But who her under, have feel their charmes for me. The mutic peneantry, with blotherme wang how thurty trip the do fringed vale along. The dark, with while tond carrol greats the morn, And vanton bruges hip the vaving corn; Malthe, prace, and jay in way for I see , Throngers alas. Tong since to ontihed me. Perchance when Life whort for rish driver is cloud, And this work from in deaths cold arms whovely Fate may don't my once kind Evas eye, To show intum de my mould my reliques he; Then Thuck with tate remover, you were whe May teach that eye to drop a tran for me.

Betroy de by love, - by friendships quise dicind of her and happeness at ones bireavil, Despoir and grif so locurate my heart, That nought in earth con comfort new impart get Eva tile I verping think of thee, and then perhaps one long, may toup for me On Lady Setten Eupice one more in humor gay. From high Olympis took his very and left his notive show; From four to four the hochen strong of Tols well his hirdless steps betrong of The previol the air with enge. the tast four I-ft- no form approved Which fuprices hout a little cheer of The hogue ran up and hist has When first I saw your traum ward he I thought to as binne come for me But sure you are her dester. J. M.

Miles Pett When Ishal futy and finale grace, approach united to the Sybils whome Wholler self ellumes the veered place, find dryne to gen en brack drome. too the fire Pets the Gods above derni, how doubt the truth of what I new declare) Each Parents virture all whole join in the, and there be wer their puention care Thy Mothers eligant and chearful mind When weny good and bland affection glows, Thy father heart benevolent and hund Thole in the Daughters bosom i'm repose. To shalt then pays lipes variagated seems For from reflictions that con cause a tran, Thy mornings gay they winings while serine Then to they frunds down hast each day more dien Then Masters went of he between

Translation Give un I cruel, chi give un charming heid, Our soft delicions balony loving hele you count repose your rossots lips obey de But ah has transient vac her fluthing bligs! Scores your sout like my eager month had fulsi The force granted I so much desired When as in vantor play and spertion just your snatch'd them from me and the jey expired Just as in view his treathrong good where If Tentetus I ful the made ning friend The crust girl your shark the hips confined But love alas in my fands hart um ains Hisomonger + I yes the alderman is dead. Peggy Marlow & brought to Brok! de fornyn mail is mifsing; you know they down of the last and play; and Jenny told me tother days her masters fond of hysing.

To the Bu _ he Transtation Who lovely Bee with downty life From floo & to floor why cayly sign The opening worth their bude disclave? Why interrupt each hip that glove? The Been of Toor midst hefrer hund Oft leave my friend their stronge behind -Jour Bu sh let me hear no more For love has told me so before. Chigrain - The Loctore a single Doctor like a sculler plus and all his art and all his physic true But two Physicsans like a pour of Dans Conduct you somet to the Stygian shower.

Worther in Soletide I too have knoon in fortunes for my hour The vacred joys which frundship can bestow, hor unconfect the sympathetic poor, That make the heart with fulings saft to glas. The about for from wary social the Which bound my heart in those its happier days get how the past in men mys vahiful eye That on the picture The delights to gaze. Jay shale I count these visions of my sail he airy farms which farmy love to veave, Delusion drame acrap the brain that role Hor in behind substantial traces leave? Or shall I woo them to my Soul once mon and say they whisher comfet to my broat Cale them the prosper of good in Non That bed me in futurity to not?

yes. I will woo them for I took to dwell Midst sums where farry forms desperting bound Beneath the charm of Janey of Hatting while To had introne d'imaginary grannel. land thou owel hope, with these they aid combine Inopen the confedence ye both can give That happeness hereafter whale be mine. Upon me, for ye both how for a to from That pleasures last The larger than frageret While fancy points part seems of virtuous love That kindred souls vive born hat to be blest. On Daman a Wirmen may be four, and his mind To an incomothert as the vinde; burno hervely is fair, and whinth for let she a Plant, and no fined Har.
